R. M. Pyles Boys Camp

"One of the President's Points of Light"

WELCOME TO THE PYLET

Each year we publish this magazine as a souvenir of your experience at Camp—to see pictures of friends and activities, and to remember what it was like at Camp. You learned valuable lessons about life—share those also with your family and friends as you show them your Pylet from the summer of 1992!

The 1992 Pylet is dedicated to

BASIL BITTLE - "BIT"

Since the early 1970s Bit and his wife Muddie have been an important part of our camp life. Bit knew about everything from horses and mules to automobiles and big diesel engines. He helped us to take care of our livestock, get supplies for camp, and keep the generators and light plants going so we could have 24-hour electricity all summer long. Bit passed away this year and we will remember him with love—for his skill, his sense of humor, and most of all for his big heart when it came to helping the Boys Camp. He taught all of us at one point or another. We are better people today for having shared his life. He will live on in our hearts as a great example of the Pyles Camp Spirit.

Thanks, Bit, for being our special friend.

STAFF MESSAGES

Dear Pyles Camp Camper,

We at the Camp office hope that you are in excellent health and busily pursuing your goals. How many goals have you set for yourself since returning home from camp? This was one of the important lessons of your summer. Challenge yourself, struggle with it, and then overcome that challenge. This is how you got over Jerky or up Angel's Flight. This is how you grow.

Have a great winter, stay in touch and we hope to see you at our reunions.

Rocky *Rocky*

Dear Campers, Lioneers, and Staff

One of the constant things in our lives is change. Sometimes things change around us at an alarming rate, sometimes more slowly. As I sit here in the office looking at a photo of myself as a camper in 1969, I can reflect on all of the changes in me and around me since then. The things that have given me direction as I worked through all of the changes are those ideals I learned in my time at Camp. As you meet the changes in your life this year and through the next twenty years, look back to the roots you sprouted while you were in Camp. Let those lessons add to your strength and help to make you successful.

Take care, see you at the reunions!

Sarge *Sarge*

Dear Pyles Camp Camper,

During your stay at camp each counselor presented a thought for the day. An inspirational message that you could apply to your life. Today, I want to share my all-time favorite thought for the day with you. Briefly, the story takes place in an Indian village. During a tribal meeting, a silly young man with an evil scheme speaks up and confronts the village wiseman. The silly man stood with his hands behind his back and told the wiseman "I have a small bird in my hand. Tell me if the bird is alive or dead." His plan was to crush the bird if the wiseman said "Alive" or let it fly free if he he said "Dead." The silly man thought this would make the wiseman into a fool in the eyes of the village. After a short pause, the wiseman answered "it's in your hands..."

The message for you is that your success is in your hands. Please

remember this important lesson and apply it to your life. Be a success because "it is in your hands."

Yours in the camp spirit,

Bravo *Bravo*

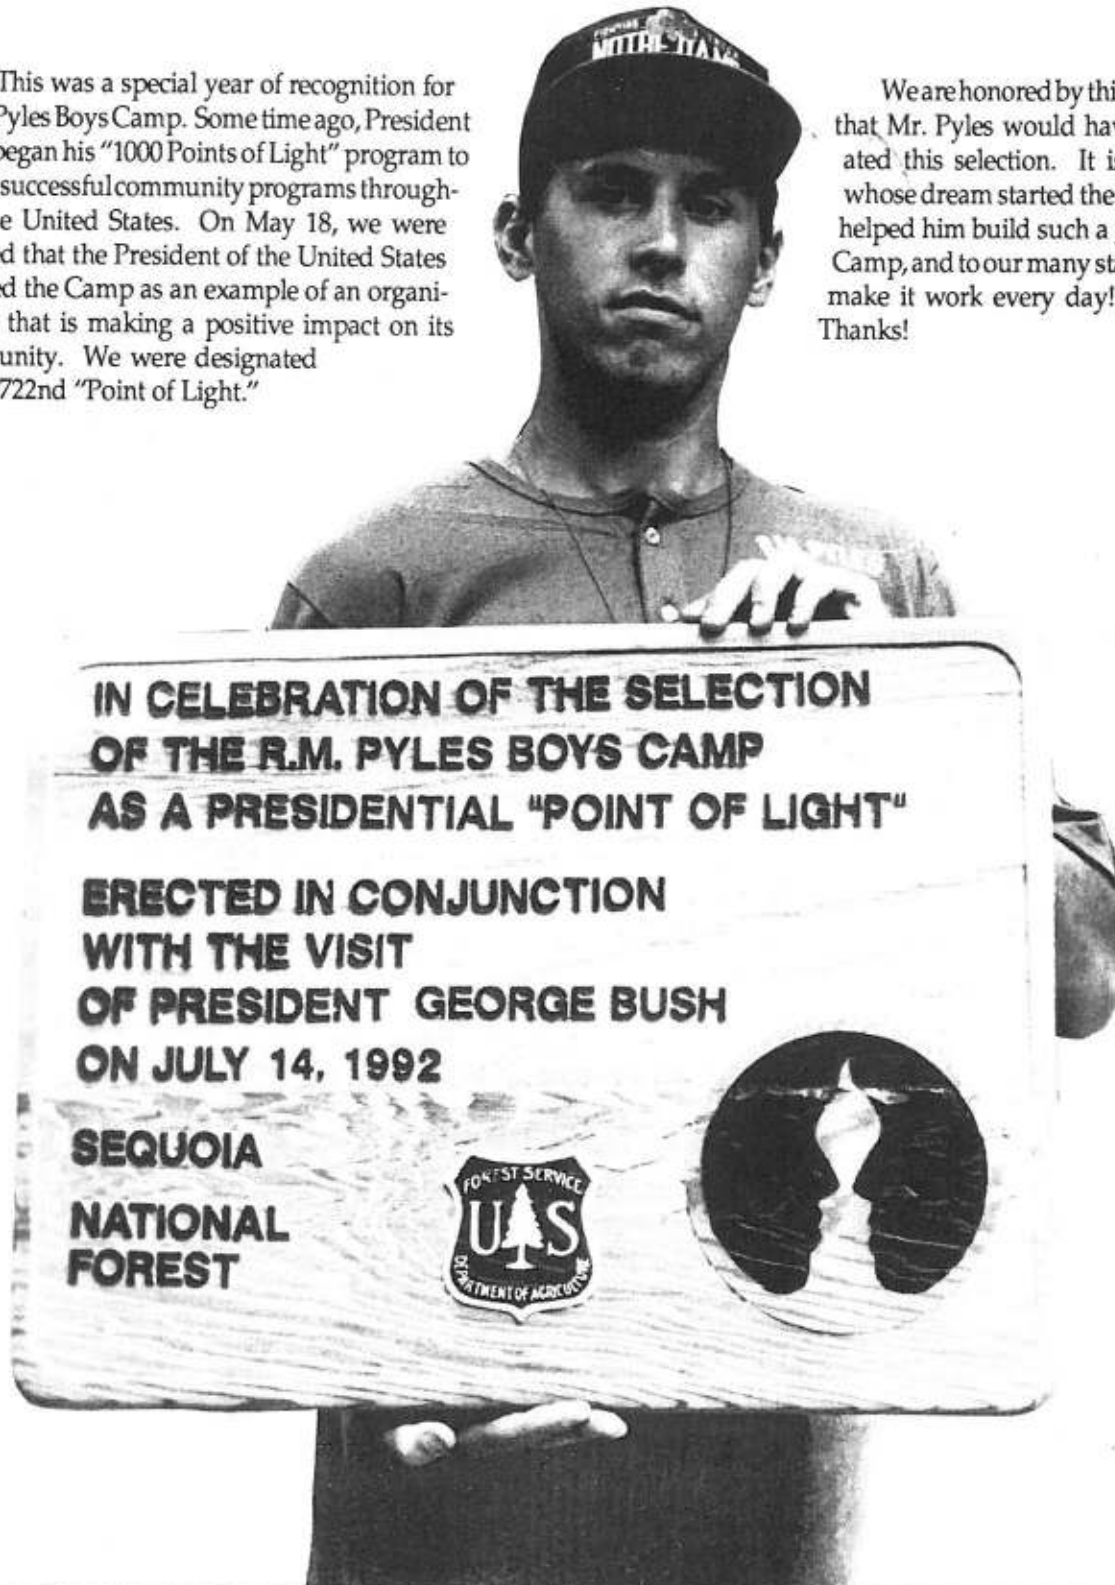

RED-LETTER YEAR FOR CAMP

PYLES CAMP DESIGNATED A "POINT OF LIGHT"

This was a special year of recognition for R. M. Pyles Boys Camp. Some time ago, President Bush began his "1000 Points of Light" program to honor successful community programs throughout the United States. On May 18, we were notified that the President of the United States selected the Camp as an example of an organization that is making a positive impact on its community. We were designated as the 722nd "Point of Light."

We are honored by this recognition and know that Mr. Pyles would have very much appreciated this selection. It is tribute to Mr. Pyles, whose dream started the camp, to Smokey, who helped him build such a great program at Pyles Camp, and to our many staff and supporters who make it work every day! Congratulations and Thanks!

PRESIDENT VISITS WITH PYLES CAMPERS

During third session, the camp received a special honor as the President of the United States paid a visit to the camp area and had lunch by Freeman Creek with Pyles Camp campers and staff. President Bush flew into Public Pasture where he visited briefly with a dozen Pyles Campers. He was then escorted to a grove of Sequoia trees where he hiked with US Forest Service staff. Afterwards campers joined a group of visitors and media to watch the president sign a proclamation which provided greater protection for these ancient trees. After the ceremony he hiked down the Freeman Creek Trail with 15 campers and staff to a quiet lunch site by the stream. During lunch the president talked with these campers about Pyles Camp, their families, and about life in their neighborhoods. They shared their hopes and dreams for the future and told him how the Camp made a positive impact on their lives. The president autographed T-Shirts for those attending the lunch. Once he returned to the helicopters, he shook hands and autographed shirts for the group of boys at the landing zone. The president later wrote us a note to say how much he enjoyed coming to the mountains and meeting all of the boys from Pyles Camp.

FUNDRAISERS

Throughout the year in Long Beach, Bakersfield, Ventura, and Santa Maria, our dedicated volunteers help organize barbecue's to help raise funds to keep the camp going. This year for the first time in the camp's history, a Demolition Derby was used as an attraction in Bakersfield. The event was a success thanks to the wonderful volunteers, staff, and campers who worked hard to assure a smooth day of excitement. Our fundraisers are an excellent opportunity for you to give something back to the camp. Our special thanks to all the Pyles Camp family of helpers.

LION MEADOWS

Lion Meadows is an experience unlike any other. It is a time and place away from Pyles Boys Camp, and yet it is Pyles Camp at a different level of intensity. Located deep in the Golden Trout Wilderness, Lion Meadows is just a few rustic cabins, a wood-burning stove, a beautiful meadow, and each other!

At Lion Meadows, Lionees do the cooking. They prepare their own areas and keep them clean. They bathe in cold mountain creeks, gather firewood, have campfires, sleep out under the stars, and learn to get along with each other in ways they just started to learn in the main camp. For each Lioneer this is a chance to try new and different things that help them grow as a person and develop a close-knit family atmosphere.

Is it worth the experience? You bet! There is a chance to hike to high alpine lakes, play on mountain glaciers, and to see nature in its pure state.

This year's Lion Meadow counselors were Amigo, Arrow, Bongo, Dodger, Ram, Ref, and Spuds. Alternating as program directors were Hermano, Shotgun, and Zorro.

During outcamp the Lionees hiked steep mountains to visit places like Coyote Lakes, Silver Lakes, and Tower Rock above the Kern River. During fourth session the Lionees added to Lion Meadow history as they hiked over 130 miles round-trip to the top of Mt. Whitney. At 14,496 ft. is it the highest peak in the continental United States.

Lion Meadows is the next possible step toward becoming a staff member at camp. Lion counselors recommend the best Lionees to return for worker positions.

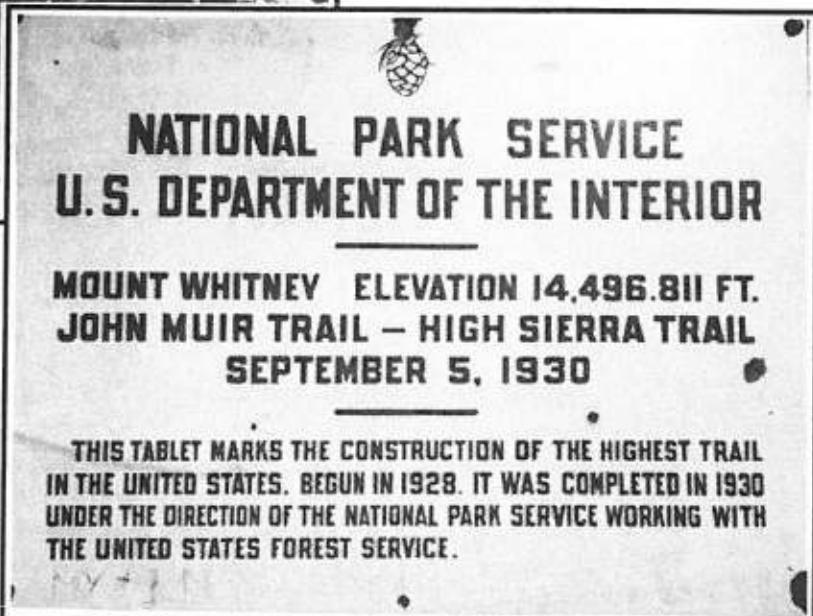

An elite program, Lion Meadows can only accommodate a small numbers of campers. Applications will be sent to those recommended by their counselors and to a select few who demonstrate by their letters to us at the office that they are ready for the experience. Out of all the applications only a special few are chosen to attend. Often those with the best chance to go are those of you who keep in touch by writing a letter to Rocky, Sarge, or Bravo to let us know how you are doing at school and at home. With the right attitude, you could be going to Lion next summer!

PYLES LEADERSHIP TRAINING

This year's P.L.T.'s were Wolf, Indy, Sting, Kiwi, Kyfe, Silent, Shack, Shark, Stretch, Longshot, Woodseye, Jordan, and Waxwork.

This large group of outstanding young men were chosen to participate in our special two-week Pyles Leadership Training program based on their ability to work hard and their enthusiasm for the Camp. Each P.L.T. learned the importance of group responsibility, teamwork, supervision, decision-making, and safety. When called to duty, these leadership principles will help our P.L.T. graduates be effective Pyles Camp counselors. In addition to the counseling skills, the P.L.T.s toured the backcountry to become familiar with campsites and to practice outcamp skills. Bravo facilitated the two-week training and Tango provided his professional expertise for part of the session. Congratulations to Wolf, Indy, Kiwi, Silent, and Woodseye for their successful transition to group counselors.

TRAINING SESSION

Staff alumni Richochet leads a session on conflict resolution at a recent training session

To be a top-notch staff member it takes work. Each counselor is trained in first aid, group leadership, and outdoor skills. At various week-end meetings the staff

gather at the camp office to upgrade their existing skills. These information-packed sessions are intense and require each counselor to be involved in the learning process. The mission is to serve you better and to make camp the best possible program anywhere. Perhaps you will be a staff member and join us for these exciting opportunities to grow.

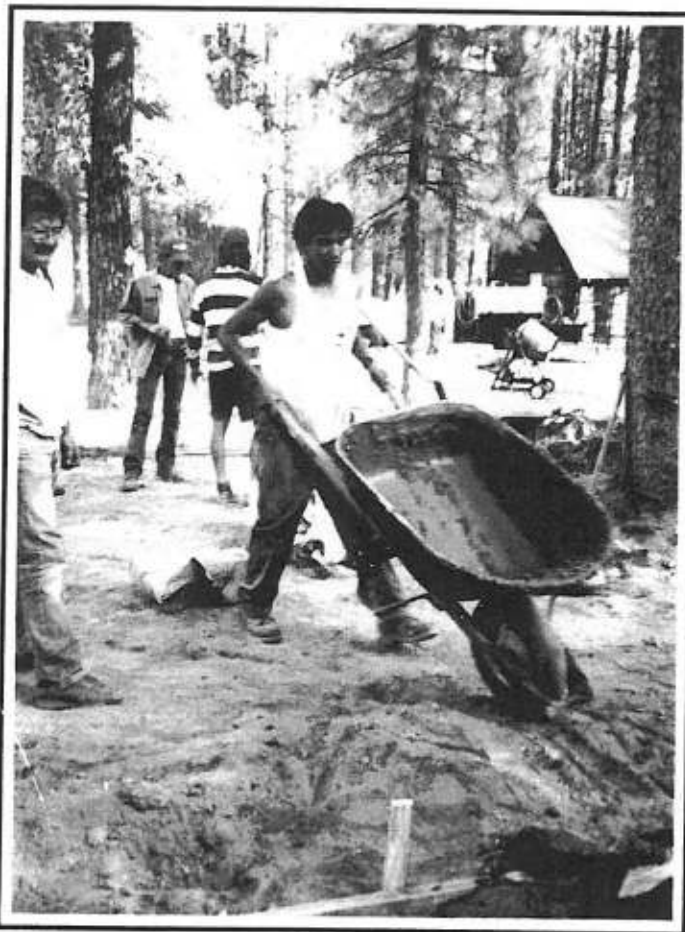

MEMORIAL DAY WEEKEND

During the Memorial week-end one hundred and forty participants from the *I Have a Dream* program visited the camp for a learning and fun-filled time.

This event was coordinated in conjunction with the *I Have a Dream* Foundation. The Pyles Camp staff helped facilitate the various activities designed to help the children from the riot-areas of Los Angeles. The event also provided an opportunity for our staff to show support for a worthwhile organization and learn about themselves in the process.

"Getting it together"

Every year, more than 100 volunteers spend weekends in the Spring getting camp ready for a new summer. Electricians, plumbers, seamstresses, welders, carpenters, mechanics, and willing labor dedicate themselves to the task of building, repairing, and preparing the camp.

Thanks to their hard work we are ready to begin the summer in great shape!

Thanks Volunteers!
