*A Journey Of A Life Time With  
Unlimited Possibilities*

# *Welcome To The Pylet*

We publish the Pylet for you as a reminder of your experience at Pyles Camp. You can see pictures of you and your friends, activities, and remember what it was like at camp. Your experience at camp is one not to be soon forgotten. This experience has been shared with thousands of other campers for the past 60 years, we regularly have men, some that were campers back in the early 1950's, contact the camp and tell us about their memories and how the lessons they learned have helped them throughout their lives. Share the lessons you learned and the fun you had, with your family and friends as you show them your Pylet from the summer of 2007.

## *This year the Pylet is dedicated to Bob "Smokey" McAdams The man that made Mr. Pyles dream a reality*

Pyles Boys Camp was conceived by Mr. Pyles. It was his dream to build a camp to help turn deserving boys into men. Yet, as many of us know, turning a dream into reality is often no easy task.

To accomplish this, Mr. Pyles needed to find a man with enough energy, love and talent to make it all happen. That man was Bob "Smokey" McAdams. Smokey was a Scout Executive with the Boys Scouts of America and was operating a troop for disadvantaged boys in the Porterville area when Mr. Pyles gave him a call. The rest, as they say, is history.

It was Smokey who developed the basic program and philosophy of challenge and achievement sprinkled with a large dose of love that has stood the test of time. A father figure to thousands of boys, a friend to just as many adults, and a great husband to his loyal wife Lois "Swede" McAdams.

To Smokey we give our thanks for his many years of giving and shaping the organization we know as R.M. Pyles Boys Camp. Thank you Smokey for all you have done.

# Choose Your Path

Hello Pyles Camp Family,

Thank you for sharing a part of your summer with us this year. One of our main goals was for you to have fun. I hope you went home with great memories that last you a life time.

One of our other goals was to show you that there are many paths in life open for you to travel. The path you chose is exactly that, *your choice*. People and circumstances may put speed bumps in that path but you should know now that you can go over, around, or through those obstacles.

Don't forget, if you find you are traveling down the wrong path, you can jump over and take a new course any time you decide there is a better way to do something. It may not always be easy to get over to the other path. You may even have to do some cross country and travel into unknown and uncharted territory. Not to worry. We showed you how to use common sense, and a little extra effort, to go where others might quit before reaching the goal.

And finally, as long as you are willing to make the effort to make things happen, there are many people around you who will be proud of you and willing to help *you* make it happen, but are unwilling to make it happen for you.

Seek a new and better path,

*Beaver  
Camp Director*

## Camp Memories Are Forever

We are coming upon the 60th year of Pyles Camp. I've met many former campers and staff who remember what it was like being at camp, what they learned and the campers who shared their fabulous experience...and for some they go back a very long way, over 50 years!

I know that my camp memories will be with me for the rest of my life...and I hope that will be true for you too...these pictures and comments in the Pylet will serve to help bring back those memories so that when you're old and gray (like me) you'll still remember the good times at camp.

*Steve "Papa Smurf" Makoff  
Executive Director*

# *Achieve Your Goals*

It is with great pleasure that I join the full time staff at camp as the Outreach Coordinator. This note comes with a heartfelt thank you to all of the Campers, Lioneers, Voyagers, Staff, Board Members, Volunteers and Contributors. Without each and every one of you the "Miracle in the Sierras" would not be possible.

This year is rapidly coming to a close, take some time, and reflect back on what you have achieved. Continue to work for the goals you have set. Everyday ask yourself "is what I am doing now helping me to achieve my goal or setting me back a step in reaching it? Remember the only thing that will limit you in reaching your goal is the amount of work you are willing to put toward achieving it. Work hard, keep your goals in site and you will reach them. It has been a goal for me, for more than 30 years to be given the opportunity to work full time at the camp.

For those of you attending camp for the first time this year, try to remember some of the counselors' "thoughts for the day". See if you are using the tools you have been given in your daily life to make your life and the lives of those around you better. You are now part of the Pyles Camp Family. If you need assistance with school, or just someone to talk to, the list of staff member's names and address's are in the back, turn to it, and turn to us for help, we are here for you.

## *Billy Bear - Hard Work & Dedication*

Billy Bear has been a familiar face around camp for more the 20 years. He was a camper back in 1982-1983 and went through the Lioneer program. He returned to camp as a worker busting suds in the kitchen. Billy Bear took a quick liking to helping with the maintenance position and rapidly learned what it takes to keep the camp up and running on a daily basis. He spent many summers as the maintenance specialist.

Through the years Billy Bear has become a vital part of helping run the summer camp program. He has worked many summer positions including: Maintenance Specialist, Ropes Course Facilitator, Main Camp Counselor, Lion Meadow Counselor, Voyager Leader, Worker Coach, Assistant Cook and Wrangler. Billy Bear spends the most amount of time of anyone up at the camp each year with helping get the camp open in April and closing the camp down in October.

It is thanks to dedicated individuals like Billy Bear the camp keeps running smoothly year after year. Thank you Billy Bear for all your years of hard work and dedication, we truly appreciate it.

# *“I Love The Food”*

## *50 Years of Meals - Thank You Nana*

For the past 50 years one of the most talked about things at camp has been how good the food is. Mr. Pyles believed that it was important to serve healthy family style meals.

In 1958 Nana was working for a school district in the food services department, when a friend that worked with Mr. Pyles asked her if she would like to come to Pyles Camp to cook for

the summer. In June of that year Nana rode a horse into camp (there were no roads into camp back then), to begin what would become her passion for the next 50 years, preparing delicious meals for all of us to enjoy. To date Nana has prepared over 700,000 meals at camp to thousands of happy and hungry boys and staff. Not only does Nana prepare great meals, she has a huge love for everyone at camp. She is always willing to provide a hug to campers and staff.

Thank you Nana for all your continued years of preparing great food and providing love and lots of hugs.

*Nana, We Love You Very Much!*

## *Welcome to Leslie McCann*

At the end of last summer, Leslie McCann joined our full time staff as our Administrative Manager. Leslie comes with a lot of experience and is a great addition to our staff. She is in charge of making sure our office runs smoothly and efficiently and has been doing a great job. Leslie and her daughter visited camp this summer and loved it...her camp name is “*Goldie Locks*” and when you see her you’ll know why! Welcome Leslie!

# Summer Memories

# *Lion Meadows*

Dear Lioneers,

There is not enough that I can say about this past summer. We were met with great challenges, all of which we met and overcame together, as a team. From the first day hiking out of main camp, it seemed to some that we would never make it to Lion Meadow. Once we got there, however, none of you, or I, will ever forget that first crisp morning waking up in the meadow and all of the adventures that we would share for the days to come.

I know that you will always remember the view from Top of the World, Silver Lake, Shotgun Pass, and Farewell Gap. You will always remember the campfires and the laughter and tears that we all shared as the fire kept us warm. You will always remember the friends that you made and the strength that we felt as a team.

I AM SO PROUD OF YOU for the way that you all pulled together and accomplished your goals. You all learned a lot of valuable lessons at Lion Meadows, and I hope that you are carrying those lessons with you into your daily lives in the city. The lessons of teamwork, respect, and honesty will serve you well for the rest of your lives and help you to be successful in everything that you do.

I want to encourage all of you to really focus on your schoolwork this year. Don't forget that the work you are doing in school now is preparing you to be whatever you want to be in your life and go wherever you want to go! In the words of Dolphin, "Education is the key that unlocks the door to your future!"

I also want to see all of you back next year for the Voyager program. As you all know, as a Voyager you will be presented with a brand new set of challenges. There is no doubt in my mind that all of my Lioneers from last summer have what it takes to accomplish them! You are a part of the Pyles Camp family now, and there is a lot that goes along with that. You now have a group of people outside of the city who are here to support you and want nothing more than to see you succeed and do the right thing!

So until next summer, stay strong and mighty, Lioneers!

# Voyagers

The Voyager Program is an intense 13 days of self-discovery. The program challenges you both mentally and physically. During the 13 days you and your group become one. The majority of the time is spent challenging nature's obstacles such as alpine mountains that make Sequoia National Forest one of the most breathtaking places in the world. As a Voyager you are honored with the opportunity to backpack in these mountains. During the trip you will learn living skills as well as role-playing real life situations that concerns you. Also, group discussions allow for personal growth. The Voyager program is an opportunity that only a few get to experience. This is an opportunity you will not want to pass you by!

*Congratulations to all  
of the 2007 Voyagers!*

# Pyles Leadership Training

This year during second session we had a group of seven for Pyles Leadership Training (PLT's). This is another step in advancing through Pyles Camp. After being a Camper, Lioneer, Voyager, Worker and Specialist these young men are at the age of 18 and ready to become counselors. We also have PLT's that have not advanced through the years with the Pyles Camp Program. We are very fortunate to get two interns from the University of Notre Dame each year. We also take recommendations from other staff members for potential PLT's. This year the seven who completed PLT's consisted of *Froggy, Juggernaut, Vertigo, Gator, Penguin, Python and Radio*. It takes a lot of hard work and dedication to complete the course. We are very proud of our counselors for completing the course and their commitment to the Pyles Camp Program.

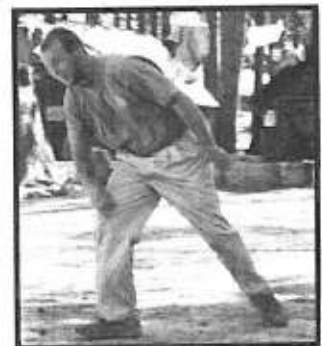

We started off the session with *Sidewinder* and *Beaver* as the instructors with *Coach* attending the 1<sup>st</sup> evening. Coach had been the Lead Instructor in past years as well as the main person in developing the course. Beaver as the Camp Director soon had other responsibilities to attend to; *McFly* was able to step in to finish the 2<sup>nd</sup> half of the session. This was a very beneficial mix of instructors. The four instructors for the PLT's have over 100 years of combined experience with Pyles Boys Camp.

The PLT program consists of a full session of classroom, practical, and observing other counselors with their groups. The PLT's also go on an Outcamp and have the opportunity to deal with different scenarios that may arise when they become counselors.

# Winter Events & Activities

Summer is over, camp is closed, and the Winter Programs is in full swing. Take a moment to remember all of the fun you had at camp. All of the new experiences you had, the new friends you made, and the tools you were given to improve your life. The winter program continues to help you grow from the seeds planted in the summer.

During the past few months we have had most of the reunions. We are also planning some outings. Please respond quickly to any letters you get from camp. Space will be limited for each of these events. The sooner you send your response back the better your chances will be to attend. There will be sporting events, field trips, and other exciting events.

Some of you may have received your *Lioneer* or *Voyager* applications, thank you to all that have returned them. If you have not received a *Lioneer* or *Voyager* application and are interested, write to us, include a copy of your report card and we will send you an application.

For those of you interested in working at camp in the summer and are at least 15 ½ years old, we have a *Worker Pow-Wow* in the springtime. You will learn what it means and what it takes to be a worker at camp. We are looking for those interested and have shown improvement in their grades and overall outlook. Keep in contact with us, send a letter and include a copy of your report cards. We hope to hear from you and see you this winter.
