

R.M. Pyles Boys Camp *2010 Pylet*

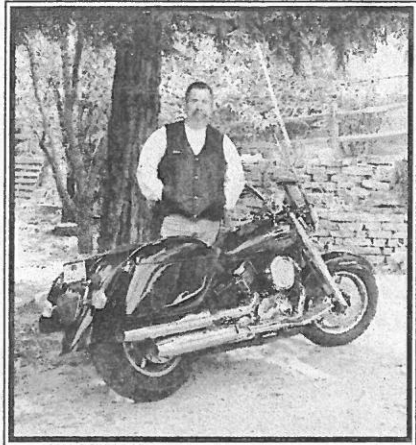

*Every Journey Begins With
The First Step*

Hello from R.M. Pyles Boys Camp

Welcome to The Pylet for 2010. The Pylet is our yearbook, a collection of photos and brief messages from this past summer. While you were at camp you had the opportunity see new things, participate in activities you may have never had the opportunity to do before and learn things about yourself that you never know or thought you would be able to do. Whether it was riding a horse for the first time, shooting a bull's-eye at the archery range, jumping for the bell on the ropes course, or putting a backpack on and spending several days camping on the trail. While at camp you got to experience things not many people get to experience, how many of your friends at home have had the chance to backpack through the wilderness? You pushed yourself to accomplish these things and learned that you can do whatever you set your mind to. We hope that you will take the lessons you learned at camp and put them to use in everything you do.

As you read through The Pylet and look at the photos, our hope is that it reminds you of all great things you got to do, all the lessons you learned, the friends you made and the fun you had. We wish you all the best.

This Years Pylet is Dedicated to all the Volunteers

As you read this Camp has been closed down for the winter and is lying under a blanket of snow. Come spring it will be time to begin getting the camp back up and running for another great summer. It takes about a month and half to get the camp back into shape and ready for you to arrive. It takes a lot of work, more than the few of us in camp to do on our own, so in the spring we have two Work Party weekends. Each weekend we have 40-70 volunteers show up at the camp ready to work hard and help get things ready for YOU.

These volunteers are dedicated and have a big heart for the camp and what it does for each of you. They rake the camp, make the beds, paint and stain the buildings, repair sleeping bags, split and stack all that firewood, replace the old sitting logs, fix fences, clean the corrals, replace roofs, fix electrical and plumbing, make repairs and improvements all over the camp. It is an ongoing process to keep the camp in good shape and it takes these hard working individuals that return year after year that helps keep the camp running.

To ALL the volunteers, we can't say it enough, **THANK YOU!**

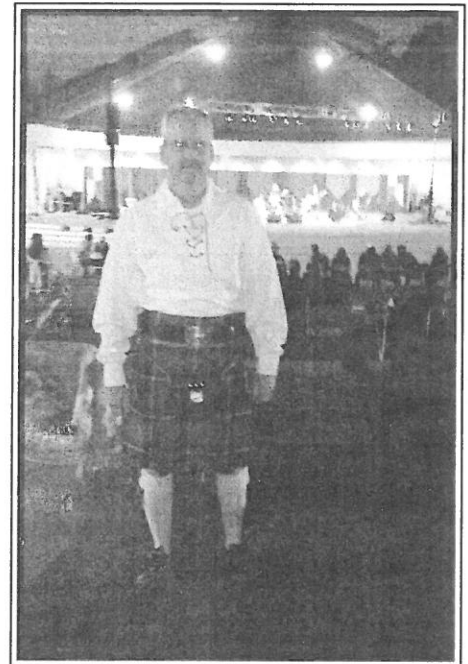

Don't think of life as a struggle but as an adventure.

We learn more by looking for the answer to a question and not finding it than we do from learning the answer itself. ~Lloyd Alexander

We hope we brought you to thinking and questioning your future and how you plan on getting there during your time with us this summer. We also hope you had a great time and will work to earn the privilege of returning again next summer. I hear from many who wish they were back at camp and not at home dealing with the struggles of life. Don't think of life as a struggle but as an adventure and "question" looking for an answer.

Stay safe and do your best to succeed in school and at home. Summer will be here faster than you can believe and we will all be heading back to that haven in the mountains.

God Bless,

Sean "Beaver" McEnulty

Connected With New Friends

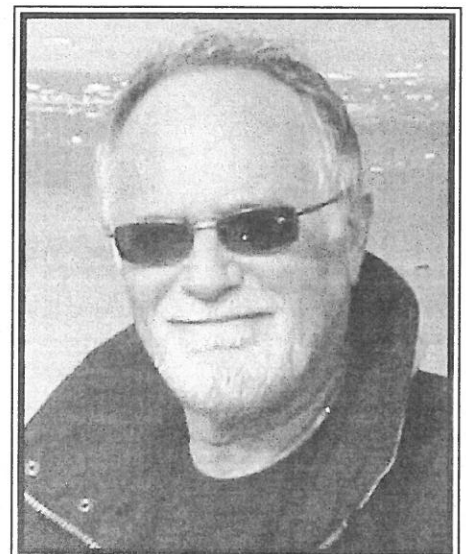

Connect with new friends...connect with a counselor who has been where you are and has learned to make the most of his life....connect with a place that cares about you and what happens to you...connect with people and a place that will be with you the rest of your life.

That is what Pyles Camp is all about...it's young people connecting with young and older people to affect a change that will make us better.

As you read through these pages it is obvious the impact that camp has had on the lives of over 25,000 young men. It still resonates in their lives and the way they feel about the Pyles Camp experience because of the connections that were made here over the years...and now you are a part of the fabric of this camp, forever connected in the most positive of ways.

Our hope is that the camp connection will provide a spring board for you to advance to the future in all the best ways possible.

Steve "Papa Smurf" Makoff

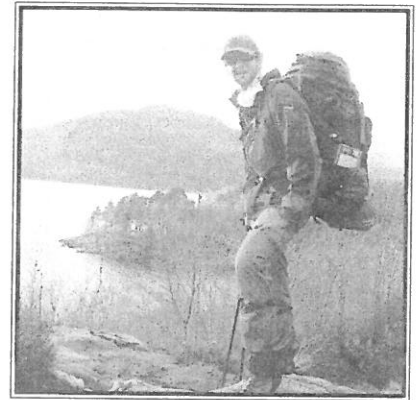

Message from McFly

Winter Follow Up

As I look back at the summer, it makes me excited for the winter. I have tons of plans for events over the next months leading to the summer of 2011. Those of you who attended the reunions know that getting together with Pyles friends makes for a good time. But the winter program does not stop there. Football games and other sporting events, field trips to many different places all over southern California, and weekend campouts are some of the things lined up for you this winter; but you also have to help us out. Take the lessons you learned up at camp and apply them to your life. Remember, they are not just lessons for the mountains, but lessons you can use every day. Part of the reason we have the winter program – and why we want you to stay involved with us – is to help remind you of this. We are here to help you, and hopefully to have a good time along the way. Keep in contact with us, and whenever you get a letter, especially if it's regarding an event we are inviting you to, send it in – even if you can't come. The more you stay involved, the more people we have at our events, and the more trips we get to have. Hopefully all of you aspire to move to the next step of your Pyles experience, whether it be Pioneer or Voyager, Worker, or eventually that coveted status of PLT and eventually counselor. To do so takes dedication and a commitment to work hard towards your goals. I know you have it in you. Keep in touch, and I hope to see you throughout the winter.

Cheers, McFly

Backcountry Emergency Care

“Band Aid!” Once again we were fortunate to have *John “Bugeye” Papastathis* join us at camp during the pre-camp training session to lead us through a backcountry first aid class. Bugeye has been associated with Pyles Camp for nearly twenty years now training most of our counselor and specialists in the finer art of Backcountry Emergency Care and as a staff member. Due to the location of the camp and the remote areas we venture into in the mountains, we become 911 until any assistance arrives, which could be anywhere from an hour to a day away.

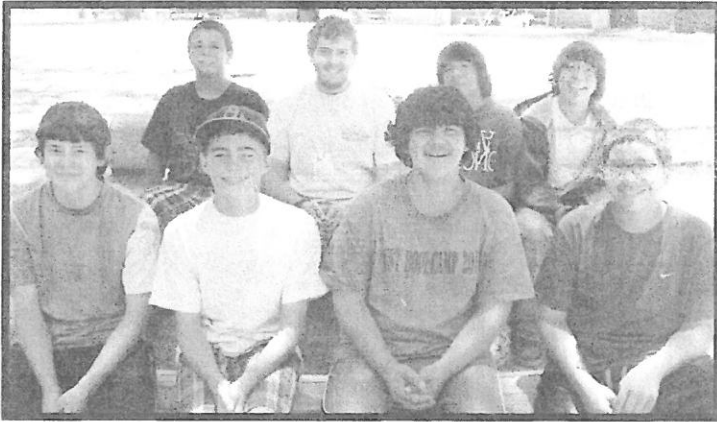

The specialized training is vital to the safety of everyone in the backcountry. This is a three day, 22 hour, intense class. Providing the staff with a mix of lectures and lots of hands on practice, involving almost every possible incident that may arise while in the mountains. Though the class is intense, there never seems to be an end to Bugeye’s patience to provide an individual or the whole group extra assistance on the more difficult situations.

This training has been a great asset to the development of the staff over the years. We are proud to say that many of the skills we have learned have yet to be used, except for one: the confidence that each of the staff has in themselves to handle difficult situations.

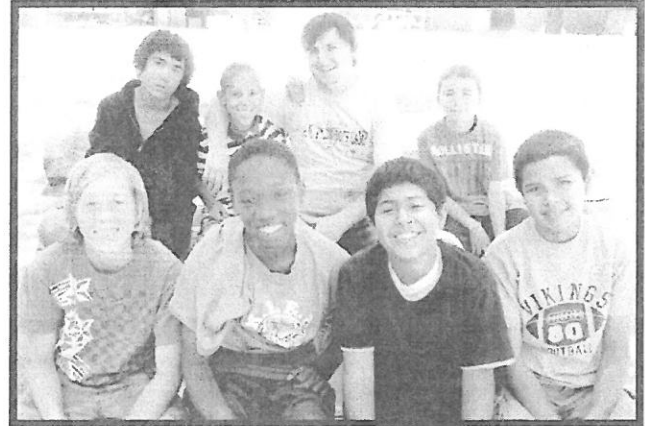

Thank you Bugeye!
*We look forward to many
more years to come.*

Lion Meadows

Congratulations to ALL of this years Lioneers! During your session you got to see and experience things you may have never done before. You may have hiked to some awesome lakes, experienced nature while huddled under a tarp during a summer rain storm, and helped improve Lion Meadows. But most of all, each of you accepted the challenge of the Lion Meadows program and learned more about yourself and your potential.

Lion Meadows is a very different experience from main camp. There are no specialist, no electricity, and no cook. What we do have is a beautiful alpine meadow with a stream running down the middle of it, a rustic cook cabin and shelters. Most important we have each other. We learn to work together, cook on a wood-burning stove, participate in new and exciting activities, and pull together as a team. Lioneers spend more time in the wilderness and go further then any main camp group. They experience all the wonders of nature, from making snow cones and having snow ball fights in early summer snow fields to fishing in lakes over 10,000 feet in elevation. It is a rugged and physical experience but you will be glad you took the challenge.

1st Session Lioneers

Voyagers

The Voyager Program is about self-discovery; learning more about yourself and thinking about who you want to be. The program challenges you both mentally and physically. During the session you and your group become one. The majority of the time is spent challenging nature's obstacles such as alpine mountains that make Sequoia National Forest one of the most breathtaking places in the world. As a Voyager you are honored with the opportunity to backpack in these mountains, see alpine lakes and cool your feet in mountain streams. During the trip you will learn living skills as well as role-playing real life situations that concern you. Also, group discussions allow for personal growth. The Voyager program is an opportunity that only a few get to experience. This is an opportunity you will not want to pass you by!

3rd Session Voyagers

Copperhead, Shellshock & Scribe

Jerome Capili, Mason Cruz, David Dominguez III, Jeremy Freyberger, Angel Hernandez, Austin Inman, Jorge Mendoza, Harrison Miller, Jeremy O'Brien, Jakob Poldrugo

5th Session Voyagers

Ozo & Shellshock

Quinn Breaux, Joe Diaz, Luis Alex Gomez, Daniel Jordan-Hall

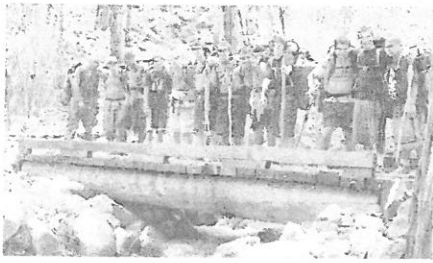

4th Session Voyagers

Gizmo, Gallo & Wildman

Bryson Cantrell, Darian Hogan, Mohammed Mansour, Kenny Oberg, Bryan Sanchez, Wyatt Woodfin

The Voyagers Program is about discovering a new identity. It is about pushing your mental, physical, and emotional limits beyond anything you have ever done in the past. This summer, Gallo, Wildman, and I were introduced to several young men who were ambitious, motivated, and ready to take on the world. They were all willing to venture into the wilderness and accomplish anything we asked of them. Despite cold temperatures, several sore feet, mosquito bites, and other challenges, they returned to Pyles Camp with a new attitude about life. They understood what it really means to be part of the Pyles Camp family and what it means to be a man. We challenged these young men to take what they learned back to the cities to make a difference. I look forward to seeing them next summer.

-Ruben "Gizmo" Sanchez

Pyles Leadership Training

Developing Pyles Camp's future leaders

Pyles Leadership Training is designed to prepare a select group of young men for the challenging, enjoyable, and demanding job of counselor. Being selected to the PLT Program is not guaranteed, but rather on the basis of their work ethic, desire and enthusiasm.

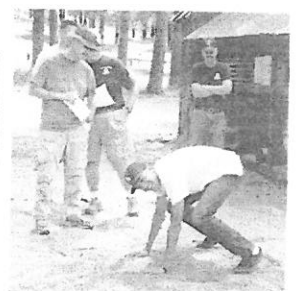

Counselors are the backbone of Pyles Camp, and the campers' safety and camp experience are entrusted to these young men. It is important to fully develop the *leadership, supervision, decision making, and safety skills* in these young men to insure that they are prepared to provide the most enjoyable and rewarding experience for the campers. The focus of the PLT Program is to fully develop these skills in each of the participants.

The PLT program is a full session of hard work filled with lectures, group discussions, practical exercises and observations of experienced counselors at work with their groups in order to prepare these young men for the tremendous challenges of the position. The PLT's also go on an outcamp where they have the opportunity to deal with different scenarios that may arise when they become counselors.

The facilitators/instructors for the training were *Coach, Hondo, and Cloud*. Coach has been the lead instructor for 15 years, as well as, the main person responsible for the course development. Hondo is an alumni of the camp, he is also a selector and works for the LA County Sheriff's Department. Cloud has been with the camp for many years, most recently as the Lion Meadows Director.

Congratulations to Kooba, Flint, Ender, Shunk, Bobcat, Shadow, Nitro, Scribe, Fog, Wildman and Racer for their successful completion of the PLT course.

Lion Meadow Project

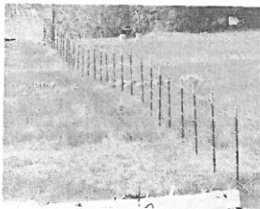

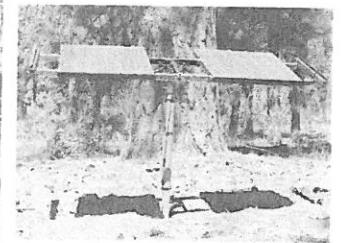

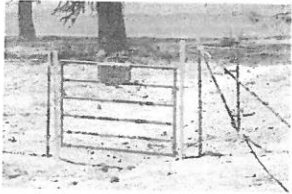

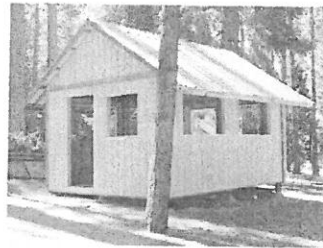

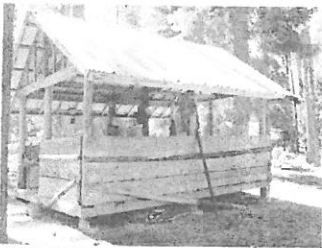

Located deep in the Golden Trout Wilderness ten miles away from the nearest road and nestled at the base of the Great Western Divide lies 120 acres of pristine wilderness. A large lush meadow is surrounded by tall green trees and skirted by a flowing creek. Above you sits the "Top of the World", below you runs the Little Kern River and off in the distance you can see Maggie Mountain and Farwell Gap. This great piece of property is Lion Meadows.

Lion Meadows was purchased in the mid 1970's to expand our main camp program. It provided a second location and the opportunity for those campers wishing to come back to camp and have a whole different experience building on the lessons they learned. Within Lion Meadows there are three cabins, two storage sheds and a kitchen. Anyone who has spent time at Lion Meadows knows just how special this place is, and the more time you spend out there the feeling gets even stronger.

As with any property or facility there is a time when maintenance and repairs are needed and Lion Meadows was in need. This past summer thanks in part to the Hartley Foundation we were able to begin many of the much needed repairs and upgrades. Some of the projects include: replacing the fence, remodeling the cabins, replacing the solar system, installing a corral, replacing old furniture and thinning and trimming of trees for fire safety and a healthier forest.

We would like to extend our thanks to all of those who have taken part in all the work that has been done at Lion Meadows. Jim "Maverick" and Gloria Uny, Jack Hartley and the Hartley Foundation, Dan Smith Construction and all his crew, John Steele, Dave Harder, Bill and Holly Bennett, Josh Rheingans with Bear Valley Tree Care and all his crew, Ambrosini Helicopters, Coach, Cowboy, Jeff and Al Nickey plus the rest of the fence crew, Jack Smith with Granite Station Saddlery and Feed. We would also like to thank Boats for going out and cooking for some of the crews. Also, Cloud, the Lion Meadow staff and Lioneers for lending a hand when needed and being great hosts to the crews that were out there.

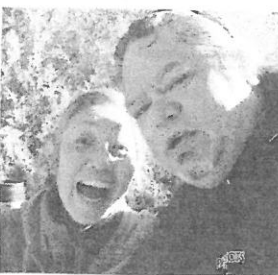

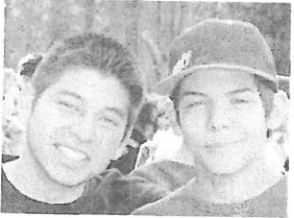

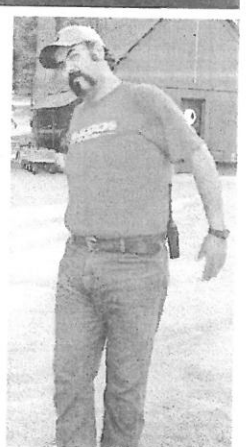

On behalf of Pyles Boys Camp and all the future boys that will get to experience Lion Meadows, **Thank You** for all your work, support and dedication, we truly appreciate it.
